Our philosophy

We are committed to building and participating in a community where all persons are welcomed, and where all members are valued for who they are and for the contributions they make.

This is the vision of an inclusive community – a place characterized by diversity, hospitality, belonging and respect.

Economic inclusion has many benefits. When we invite the rich contributions of individuals with disabilities into our workplace, we discover that our communities become more vibrant, beautiful and safer as a result. In community, everyone belongs.

About us

posAbilities Employment Service assists individuals with developmental disabilities to prepare for, secure and maintain competitive employment.

posAbilities Employment Service is a government funded program. There are no additional costs attached to our service for job seekers or employers.

posAbilities Employment Service staff is experienced at successfully matching the skills and interests of each individual with the employment needs of the employer. This ensures a successful partnership for both parties.

Once employment begins, *posAbilities* can provide on-site support for the employer and the individual.

A job coach is available to assist with training needs to ensure job requirements are met.

posAbilities will maintain contact with both parties and be available for further support if needed.

Inspiring others onto the path of employment

Alison has been part of the recycling team at BC Hydro for the past 16 years.

Alison loves her job and the personal connections that she has made

through work. She says, "Working with B.C Hydro makes me feel independent and important. I think it is very important to be employed and that everyone should work."

Jennifer provides cleaning and laundry services at the Burnaby Veterinary Hospital.

"We really enjoy having Jennifer on our team. She is always on time

for her shift and is very friendly with our clients and other staff members." - *Debbie, Receptionist.*
