Our philosophy

We are committed to building and participating in a community where all persons are welcomed, and where all members are valued for who they are and for the contributions they make.

This is the vision of an inclusive community – a place characterized by diversity, hospitality, belonging and respect.

Economic inclusion has many benefits. When we invite the rich contributions of individuals with disabilities into our workplace, we discover that our communities become more vibrant, beautiful and safer as a result. In community, everyone belongs.

Working in partnership

posAbilities Employment Service staff is experienced at approaching the business community and successfully matching the unique interests and skills of each person we serve with the needs of the employer. This ensures a successful partnership for both parties. Participants have recently started careers with the following businesses:

The businesses above represent some of the many partnerships we have in the community.

Inspirational stories

As an Office Assistant, Tara was provided support through **posAbilities Employment Service**. She chose to offer her co-workers some

insights into how to work alongside peers who have Asperger's Syndrome. Tara enjoys her work and the mutually supportive environment that has evolved.

Andy currently works for McDonald's as a Grill Cook. Training, a promotion, several salary increases and nearly three years later, he's "lovin' it!"
