

Laurel Behaviour Support Services

Specialized in supporting individuals with Autism Spectrum Disorder/developmental disabilities, and the families who care for them.

Current best practices and evidence-based teaching methods guide our services. Each program is delivered or overseen by a Board Certified Behaviour Analyst/Clinical Director.

We offer:

Early Intensive Behaviour Intervention, up to age 6

Behaviour support for school-aged children, ages 6-18

Behaviour support for adults, ages 19 and over

Partner With Us

We support children, youth and adults who have various abilities. Our diverse team of consultants offer a

wide range of professional expertise, and many also speak an additional language. We carefully match our consultants with the unique needs of the individuals and families we serve. We consult with you in the comfort of your own home, offering services throughout the Lower Mainland and other communities in BC.

Working together, we can:

- teach an individual new skills
- develop more independence
- overcome socially challenging behaviour

The **Triple P**[®] Positive Parenting Program is included with our behaviour consultation service.

Getting Started

Self-Referral/Private Contracts

Services may be funded privately or through provincial autism funding. Please contact our Service Coordinator for details at (604) 299-4001.

Government Funded Services

- Requests for children's services can be directed to your Social Worker at the Ministry of Children and Family Development.
- Requests for adult services are managed by a Facilitator with Community Living BC.

There is no charge for our government funded services.

Laurel Behaviour Support Services is offered by *posAbilities* a not-for-profit community living organization.
