CONVERSATIONS ABOUT EMPLOYMENT

Join us in an open dialogue with other families on the subject of employment. Together we can look at how our dreams of employment for our sons and daughters with a disability can become reality, and part of a real life plan.

The vision of *familyWORKs* is to have an ongoing conversation around all aspects of employment. We will meet to hear presentations, guest speakers, and learn from each other!

Next Burnaby *familyWORKs*:

Wednesday May 13th

April

**Celebrate the “Wisdom in the Room”**  
Come for an evening of conversation and information gathering with parents who are at different stages of the transition journey. Listen to parents who’s loved one has experienced employment and share your own thoughts and concerns about the future.

All family members are welcome!

There will be cake!
