We need you. Yes, you!

Great ideas are grounded in REAL practice and REAL stories. Come share what you're experiencing, and help us to make our prototypes* better.

*Prototype = a small-scale version of a new idea.

Have you heard about the Fifth Space?

It's been 6-months since we rolled out the RV and found 27 staff from across the Burnaby Association for Community Inclusion, posAbilities, and Simon Fraser Society for Community Living. These 27 staff have spent their Tuesdays, working in teams, to develop new services from the ground-up. Come see the services they have been testing!
