## CONVERSATIONS ABOUT EMPLOYMENT

### INFO familyWORKs

Join us and have an open dialogue with other families on the subject of employment. Together we can look at how some of our dreams about employment for our children can become a reality.

The vision of familyWORKs is to have an ongoing conversation with families regarding employment issues for people with disabilities. We will meet to hear presentations, guest speakers and learn from each other!

familyWORKs is intended to help families dream, believe and then obtain information about how to best achieve employment with their family members who have a disability.

### RSVP Contact

Resource Parent and familyWORKs Leader
